COMMITTEE AMENDMENT NO. 1

Amend **S.B. 165** by striking all below the enacting clause and substituting the following:

"Section 1. The Texas Election Code is amended by adding Section 8a, to read as follows:

"8a. Bilingual election materials in English and Spanish.

"Subdivision 1. Elections and areas in which bilingual materials are required.

(a) In every general, special, or primary election, by whatever authority held, which is held within a county in which five percent or more of the inhabitants are persons of Spanish origin or descent, according to the federal census specified in Paragraph (b) of this subdivision, the election materials enumerated in Subdivision 3 of this section shall be printed in both English and Spanish for use at the polling place in each election precinct that is not exempt from this requirement under Subdivision 2. In the elections of a political subdivision that includes territory in more than one county, the bilingual

materials must be used in each precinct that includes territory lying within a county to which this subdivision applies unless the precinct is exempt under Subdivision 2.

"(b) The census used for determining the percentage of persons of Spanish origin or descent is the last preceding federal decennial census for which the enumeration date was more than two years before January 1 of the calendar year in which the election is held.

"Subdivision 2. Election precincts exempt from requirement. (a) An election precinct situated in a county to which Subdivision 1 applies is exempt from the requirement for bilingual election materials if official census information or other information shows that persons of Spanish origin or descent comprise less than five percent of the inhabitants of the precinct. The authority holding the election has the burden of establishing entitlement to the exemption. Unless otherwise ordered by a court of competent jurisdiction, the officer or body responsible for obtaining the supplies for the election is relieved of the duty to furnish bilingual materials for those precincts for which there has been filed with the clerk or secretary of the political subdivision responsible for the expenses of the election, at least 30 days before the date of the election, a certificate executed by the presiding officer of the governing body of the political subdivision and approved by the governing body, identifying the precinct or precincts for which the exemption is claimed, together with an abstract of the official census information or other information relied on to support the exemption and a map or maps showing the precinct boundaries and the boundaries of the census enumeration areas referred to in the abstract. An authenticated copy of the resolution or other document evidencing the governing body's approval must be filed with the certificate.

"(b) A new certificate and new supporting information must be filed following each decennial census. The supporting information must be revised following a change in election precinct boundaries, and a revised certificate must be filed if the certificate on file no longer correctly reflects the exempt precincts.

"(c) In the case of a primary election held by a political party, the exempt precincts are those reflected in a certificate executed by the county judge or the secretary of state and filed in the office of the county clerk. The secretary of state is authorized to file a certificate for a county whenever the county judge has not filed a certificate by the 60th day before the date of the primary or whenever the certificate on file does not correctly reflect the exempt precincts.

"Subdivision 3. Enumeration of required bilingual materials; preparation of the materials. (a) At each polling place where election materials in English and Spanish are required, the following materials shall be provided in bilingual form:

"(1) Instruction cards for the information of voters shall be printed in both English and Spanish, either on separate cards to be posted side by side or on the same card with the Spanish text alongside the English text.

"(2) Where voting machines or voting devices are used, a Spanish translation of the instructions for operating the machines or device shall be posted in the compartment or booth that the voter occupies.

"(3) All ballots and ballot labels may be printed with all ballot instructions, office titles, and propositions appearing in both Spanish and English. If the bilingual listing on the face of the ballot is not utilized, then a Spanish translation of the ballot shall be posted in each compartment or booth, and a statement shall be placed on the face of the ballot in Spanish to inform the voter that the Spanish translation is posted in the compartment or booth; and where paper ballots are used and booths are not provided for all voters, copies of the Spanish translation shall also be made available at the table where the voter selects his ballot, and a sign printed in Spanish shall be displayed at the table, informing the voter that he may take a copy of the Spanish translation for his use in preparing his ballot.

"(4) All affidavit forms or other forms that voters are required to sign may have a Spanish translation printed beneath the English text or on the reverse side of the printed matter appearing on the form. If this translation is not utilized, then a Spanish

translation of the affidavit shall be made available, and a statement shall be placed on the affidavit in Spanish that a Spanish translation is available upon request.

"(b) The secretary of state shall prepare the Spanish translation for all bilingual materials required by Subdivisions 3 and 4 of this section, except ballot forms for local elections. The secretary of state shall prepare the Spanish translation of the ballot propositions for proposed constitutional amendments and other measures submitted by the legislature if the legislature fails to provide a Spanish text. The officer having the duty to make up the ballot for a local election shall prepare the Spanish translation of ballot material if the governing body of the political subdivision fails to provide a Spanish text.

"Subdivision 4. Bilingual materials for absentee voting. In any countywide election, or in any election held in a political subdivision other than a county, in which bilingual election materials are required at any polling place in the county or other political subdivision, the absentee voting materials shall be printed in both English and Spanish. The forms for applying for an absentee ballot, the ballot envelopes and carrier envelopes, and any other instructions or forms furnished to the voters shall be printed in English with a Spanish translation on the face of the instrument or furnished separately along with the instrument. All ballots and ballot labels used for absentee voting shall be printed in the manner described in Subdivision 3; and whenever the Spanish translation of ballot propositions is printed separately from the ballot, a copy of the translation shall be furnished to each voter who votes by mail. In the conduct of absentee voting by personal appearance, any other materials enumerated in Subdivision 3 which are used in the voting shall be in bilingual form.

"Subdivision 5. Optional use of bilingual materials. In any election held in a county to which Subdivision 1 of this section does not apply, or at any polling place where bilingual materials are not made mandatory under Subdivision 1, the governing body of the political subdivision responsible for the costs of the election may require the use of bilingual ballots and such other items of election materials enumerated in Subdivision 3 and 4 as the governing body specifies, for any or all of the polling places as specified by the governing body; and the election officers of the political subdivision shall furnish bilingual materials in accordance with the resolution, ordinance, or other document by which their use is required. The governing body may provide for use of the bilingual materials on a continuing basis or on an election-by-election basis, as it sees fit.

"Section 2. The Texas Election Code is amended by adding Section 45c, to read as follows:

"45c. Voter registration application forms in Spanish.

"The secretary of state shall prescribe a voter registration application form that is printed in Spanish. In each county in which five percent or more of the inhabitants are persons of Spanish origin or descent, according to the last preceding federal decennial census, the registrar shall keep a supply of these, and shall keep a notice in Spanish posted at the place in his office where voter registration is conducted, stating that application forms in Spanish are available. Registrars in other counties may also use this form if they wish to do so. Every registrar in the state is required to accept and process applications that are tendered to him on the bilingual form, in the same manner as other applications.

"Section 3. The importance of this legislation and the crowded condition of the calendars in both houses create an emergency and an imperative public necessity that the constitutional rule requiring bills to be read on three several days in each house be suspended, and this rule is hereby suspended."

The House amendment was read.

Senator Ogg moved to concur in the House amendment.

The motion prevailed by the following vote: Yeas 30, Nays 1.
